

from the *Editor*

This issue marks the beginning of our 4th year of publishing our travel magazine; first as Lone Star Biker and then it expanded in scope and size and morphed into Motorcycles: On The Road Again.

In many letters and emails our readers have repeatedly expressed their appreciation for the magazine and encouraged us to continue to expand our coverage. With this edition our newsstand distribution increases by over 1200 % - a huge leap in our availability on newsstands that will make it much easier to locate and purchase a copy.

At the end of June we will join Turkey Creek Tours for a special ride through the Rockies. The cost of the tour is reasonable and Tom or Lynn at TCT will be happy to provide additional information. Call them at 888-763-6185.

Enjoy this April/May issue as you read about The Ozarks and enjoy the outstanding photography of David Bell. Recently, I made my first trip to the Ozarks and was totally in awe of the awesome riding opportunities this area offers.

The choices of different rides and routes is virtually endless. A person could grow old riding in the Ozarks without ever having to take the same route twice. After running every possible combination of roads go back and run them in the opposite direction for a totally different experience, or run them in the spring and then see them differently in the fall.

We hope you enjoy your armchair visit to the Ozarks and hope you will be able to do the real thing soon.
